DATASHEET

PHANTOM MINOR PROCEDURE LIGHT

Phantom combines the best of both worlds: concise power and control, with intuitive light positioning.

Delivering a cool and efficient 70,000+ lux @ 1 metre, Phantom's sleek, lightweight design and large task area action zone make it perfect for a range of applications – and with only minimal intrusion to the task area.

Plus, Phantom's fully sealed and detachable head with hygienic touch sensitive membrane switch, provides easy operation and technician-free maintenance.
