DATASHEET

ULEDPlus EXAMINATION LIGHT

ULEDPlus shares the same reliable ULED design but gives you approximately 30% more bright light output. See more with an impressive 50,000+ lux @ 1 metre.

Like ULED, ULEDPlus has an ingenious floating spring arm, enabling intuitive and perfect light positioning. It comes complete with a fully sealed and touch sensitive membrane switch, making cleaning easy and its push-to-release button to detach the light head from the arm makes upgrade or maintenance possible without a technician.

ULEDPlus

APPLICATIONS

Surgeries
First Aid Stations
Intensive Care
Recovery Rooms
Emergency Departments
Diagnostic Specialisations
Aged Care
General Practice
