ULED EXAMINATION LIGHT

The sleek, low profile ULED brings examination lighting into the future.

Cost-effective yet built to last, ULED's ingenious floating spring arm enables intuitive and perfect positioning of its powerful 40,000+ lux @ 1 metre.

ULED comes complete with a fully sealed and touch sensitive membrane switch, making cleaning easy. Plus its push-to-release button to detach the light head from the arm makes upgrade or maintenance possible without a technician.

ULED

APPLICATIONS

Surgeries
First Aid Stations
Intensive Care
Recovery Rooms
