LIGHTING

PHANTOM EX

A new generation of examination lighting

The Phantom EX comes prepared with a feature-packed head rated at 50,000+ lux @ 1 metre, and CRI95+ and an advanced efficacy of 85lm/W to save energy costs.

It employs an industry-leading AkzoNobel BioCote® antimicrobial powder coating rated to actively reduce microbial growth by up to 99.9%.

ULED

Ergonomic design with ultra power

Cost-effective yet built to last, ULED's ingenious floating spring arm enables intuitive and perfect positioning of its powerful 40,000+ lux at 1 metre. impressive 50,000+ lux at 1 metre.

- > Antimicrobial Silver Ion Coating Technology
- > 4 Stage Dimming
- > Low Glare & High Visibility
- > Energy Saving High Efficacy At 85 lm/W

ULEDPlus

ULED+ 30% More Light

The ULEDPlus shares the same reliable ULED design but delivers approximately 30% more light output. You can see more with an impressive 50,000+ lux at 1 metre.

The ULED makes cleaning and operation easy with a fully sealed and touch-sensitive membrane switch complete with 4-stage dimming. Plus, its push-to-release detachable light head makes upgrading or maintenance possible without a technician.
